Professional Summary

Front End Developer with 1 year of experience, specializing in React, Figma, and Sass. I love programming, developing new ideas, creating original solutions, and designing with pure Sass. I specialize in **web design and layout**, turning original designs into intuitive, efficient, and user-friendly web experiences.

Skills

Languages: JavaScript, Python, Java, Bash

Frameworks: React, Node.js

Tools: GitHub, Figma

Databases: SQL, PostgreSQL, SQLite3

Other: Scrum, REST API's, Jwt, Tailwind Css
